Rev. M. J. Macpherson,

Box 99,

Ridgetown, Ont.

Dear Mr. Macpherson:

I was glad to receive your letter yesterday. I hope that you are enjoying your new field of labour. I have never been in Ridgetown, and know practically nothing about the situation.

With regard to my going to preach for you, I am sorry that I shall have to refuse. It is a necessity for me to refuse all such requests, and I have consistently done so since coming to Toronto. If I were not to take this action I should be in the greatest difficulty.

It will take you some time I suppose to fit yourself into the new situation, but I hope that you will enjoy your work when you once get into your environment.

Yours sincerely,

President.
